# CUSTOM KITCHENS

## DESIGNED TO SUIT YOU

Custom kitchens are an investment in the functionality and aesthetics of your home. A personalized approach to designing custom kitchens means that every piece of furniture and every detail has its own purpose and role, creating harmony between functionality, style, and comfort. Contact us to begin the journey toward a functional, aesthetically appealing, and uniquely designed kitchen that reflects your style and needs. Your idea - our challenge!

# HIGH-QUALITY

When choosing materials for a custom kitchen, consider factors such as appearance, functionality, durability, and budget. Popular materials include compact panels, work surfaces, MDF, aluminum, and many other options. Consulting with our team of specialists will help you find the best solution for your kitchen.

## FRONTS

We offer a wide selection of kitchen facades, including various materials, colors, and textures. Regardless of your preferences and style, you will find facades with us that perfectly enhance the aesthetic of your kitchen.

## PROFIED FRONTS

Personalize your kitchen with molded facades that reflect your unique style and aesthetic preferences. A wide selection of samples and textures will add special elegance and individuality to your space.

## IMPECCABLE EXECUTION

We offer the opportunity to create modern and unique custom kitchens tailored to the specific requirements and dimensions of our clients' spaces. Our team implements design solutions that make the most of every inch, regardless of the size of the room, combining aesthetics and functionality in perfect harmony.

# YOUR HOME DESERVES

The Vitorog team specializes in creating custom kitchens in a variety of shapes and styles, helping you uniquely organize every inch of your clients' kitchen space.

# EVERY ELEMENT IS CAREFULLY TAILORED

At the Vitorog studio, every project is unique. Through careful material selection and precise execution, we create spaces that perfectly reflect your style, needs, and functionality. Our dedication to detail ensures that every element of the interior is in perfect harmony.

## THE PERFECT BALANCE OF STYLE AND FUNCTION

Design is not only about beauty, but also about functionality. We create spaces where every detail has a purpose, and each element fits seamlessly into the overall design. Our goal is to ensure that your kitchen or interior is both elegant and efficient.

# THE HARMONY OF BEAUTY AND FUNCTION

We create spaces that look stunning while being fully practical. Every detail is carefully designed to be both beautiful and functional, ensuring the comfort and usability of your space.

# YOU CHOOSE, WE CREATE

Your wishes and ideas are the foundation of our design. Through a thoughtful approach and creative solutions, we turn your vision into reality, creating a space that fully reflects your style and meets your needs.

# OFFICE SPACE FURNISHING

# MEDICAL CLINIC

## Brana Kovačević

The Vitorog team has meticulously designed the medical clinic of Brana Kovačević, creating a modern, practical, and functional interior that perfectly aligns with the standards of aesthetic medicine – a blend of elegance, comfort, and exceptional functionality.

# PLAYROOM

## Woody Play House

Designing the children's playroom required special attention to detail in order to create a safe, comfortable, and inspiring space for every child who visits. It was a great pleasure for us to be part of the Woody team and contribute to creating a pleasant and safe environment for children.

# RESTAURANT Sport Caffee

One of our projects is a café located at the tennis courts, where we focused on creating a comfortable and relaxing atmosphere, perfect for athletes and active lifestyle enthusiasts. With the right choice of design and high-quality materials, we help you bring your concept to life and create a space that is filled with style and functionality.

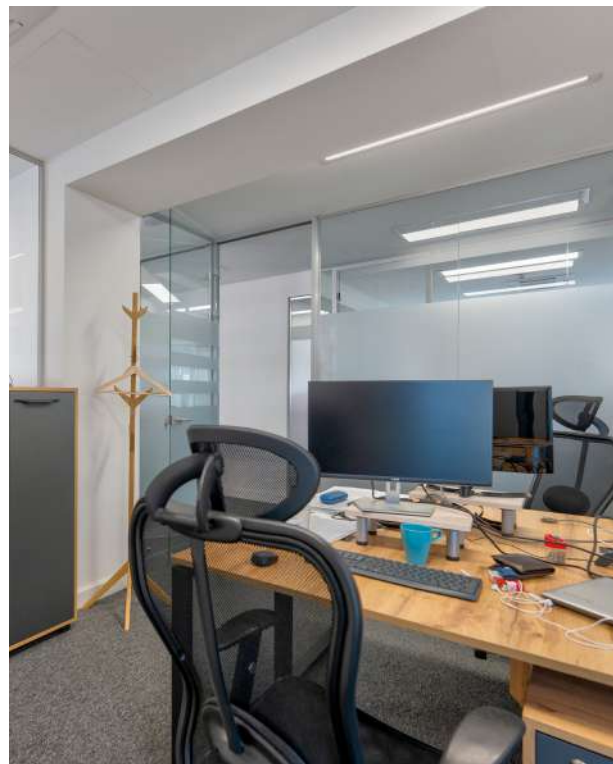

# OFFICE E

[vitorogpromet.rs](http://vitorogpromet.rs)

The interior of the Office E, located in the heart of Belgrade, was designed as the perfect balance of aesthetics and functionality. The project required maximum use of space to create an inspiring and efficient work environment, tailored to the needs of IT professionals who value comfort and a relaxing atmosphere.

# FURNISHING HOTEL

# Villa 6

This project combines a rustic style with striking color accents to create an authentic mountain atmosphere. We offer architects support in designing interiors that reflect the individuality of the space and its users.

Whether it's selecting furniture, colors, or materials – together we define the style and design direction, tailored to the specific requirements of the project.

# Apartment MASY

In every project, we carefully select colors that bring warmth, energy, and character to the space. The combination of blue and yellow creates the perfect balance between elegance and vibrancy, adding a unique charm to the interior. Trust us with your client's space – and we will transform it into a harmonious and inspiring environment where style and functionality blend perfectly.

# Hotel Zlatibor

Lamella A and B

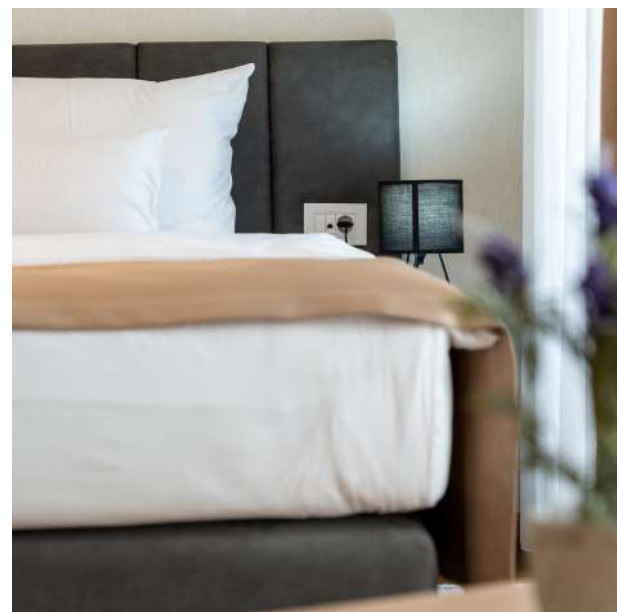

Hotel Zlatibor is one of our most significant projects, in which we furnished the apartment section with 180 apartments.

Ranging from 40 to 75 m<sup>2</sup>, the apartments are designed in line with the architects' vision, blending authentic mountain style with homely comfort.

Every detail is carefully considered to ensure guests enjoy comfort, elegance, and natural harmony, creating the feeling of being in their own peaceful retreat.

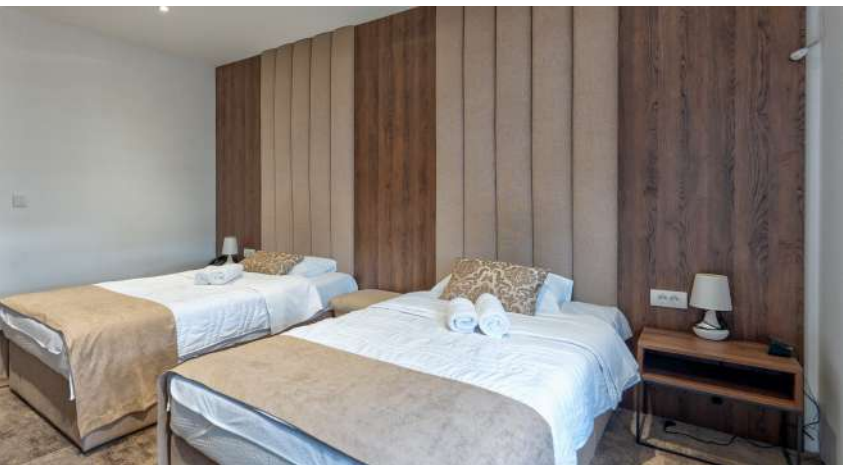

# Hotel Stari Krovovi

vitorogpromet.rs |

Hotel Stare Krovovi was designed and equipped for a specific clientele, with an emphasis on exclusivity and sophistication.

Every detail was carefully selected according to the clients' wishes, creating a space that perfectly combines aesthetics and functionality.

Our goal was to create an atmosphere that offers luxury and comfort, where every guest feels special, and every design element contributes to the unique ambiance.

# Hotel Srebrni vrhovi

Zlatibor

The Srebrni Vrhovi Apartments represent the perfect blend of natural surroundings and modern design. We equipped them with the aim of creating a retreat for those seeking comfort, tranquility, and style, without compromise.

Each apartment was carefully designed to maximize space usage and create a cozy atmosphere, ideal for relaxation and enjoying nature.

# Villa Anastasia

Zlatibor

Villa Anastasia was designed as a true oasis of luxury and elegance. We furnished it with attention to every detail, creating a space that radiates sophistication and comfort.

We combined modern design elements with classic beauty to create a harmonious atmosphere that meets the needs and desires of the owners.

Each room in the villa offers a first-class experience, and our goal was for this space to become a true home, where luxury and functionality coexist.

The manufacturing facilities, offices, and warehouse of the Vitorog brand are located in Novi Sad. Vitorog Interior operates six production workshops and three service workshops, which allows us to provide full support and efficiently carry out large-scale projects.

#### **Production Workshops:**

- Mass production workshop for case furniture
- Custom furniture workshop (professional interior fittings)
- Upholstered furniture workshop
- Workshop for solid wood furniture with veneering section
- Mattress and bedding accessories workshop
- Workshop for chair production and processing

#### **Service Workshops:**

- Service workshop for foam cutting
- Service workshop for wood processing
- Service workshop for lacquering

In addition to our own production, we also import high-quality furniture from the EU and the Balkans.

By collaborating with suppliers from the EU and the region, we have secured excellent conditions and competitive prices. Our suppliers are fully focused on our specific needs, creating specially developed product assortments exclusively for us.
